

Cheyenne

Cheyenne is 14 years old. Here's what she would like you to know about her

My favorite things

I like to spend time outside playing basketball, football and softball, and I like to ski. I love horses, and would like an opportunity to ride. I love cats and dogs. I am crazy about Cheetah print clothing, and I also want multi colored high tops. I love to read, watch movies and listen to pop music, country and hip hop.

My favorite foods

I love pizza, macaroni and cheese, hot dogs and beans, coleslaw and also shrimp.

Things I don't like

Most seafood.

What I want from a family

I would like an active, non-smoking family. I want a family who will keep me safe. I want stability in my life and I do not want to grow up in poverty. I would like to live on a farm, but I really just want a family. I would like to have a mom and a dad, two moms or even just a mom.

What I want families to know about me

I am outgoing and curious about learning new things. I have ridden horses before, and I want to be able to ride in the future. I recently started having conversations with my older sister. This is positive for me, and I would like to stay in touch with her.

What we want families to know about Cheyenne

Cheyenne is a very cheerful, out-going young woman. She is quick to smile, and loves to engage with adults and peers. Cheyenne experienced a lot of instability, and missed a lot of educational and extra-curricular opportunities as well. Cheyenne is developing coping strategies to help with her Early Developmental Trauma. Cheyenne requires ongoing therapeutic services, but she is eager to be part of a family, and she actively participates in conversations around finding her family.
